AST week must surely be unique in the history colonial rule. The Belgians handed the Congo the Congolese; became a republic British protectorate of Somaliland has merged with Somalia and won independence.

The most welcome news for the British Commonwealth and, for that 'matter, the allies in the West, however, was the announcement that the British and Cypriot delegates have at last cleared the way for of the Cyprus republic after many months of protracted negotiation.

Years of senseless fighting ended in 1958 at the cost of hundreds of lives on both sides giving rise hope that there would never be a resumption but in the months that followed there existed an uneasy truce,

Two Chinese women were shot dead and another two overseas Chinese wounded by the Indonesian army when the West Java military authorities dispatched troops and police to Tjimahi to forcibly evacuate overseas Chinese, the New China news agency reported. First reports said the fight occurred when some 60 Chinese, mostly women, armed with sticks, clubs, and poles, attacked Indonesian officials and attempted to seize their guns. Warning bullets were fired by the security guards and in the confusion the two women were

shot dead. The Communist Chinese Ambassador, Mr Huang Chen, personally lodged a vehement protest at the incident with Indonesia's Foreign Minister Subangrio. The meeting lasted only

Barry Knight leads Essex to two-day win over Glamorgan

London, July 4.

Essex marched off with all the points after a twoday victory over Glamorgan at Westcliff-on-Sea, and top credit for this 209-run win went to Essex all-rounder Barry Knight, who today scored a useful 44 for his county and then demolished the Welsh side when he took seven for 55, giving him match figures of 13 for 143.

Other notable performances for Essex came from Trevor Bailey who, in unusually bright form for an hour and three quarters, scored 51. Bill Greensmith was undefeated for 40.

Diplomatic statement by Bradman Sir Donald 'throwing' controversy

London, July 4. Donald Bradman, Test selector and member of the Australian Cricket Board of Control, said here today that he felt umpires should be the sole judges of whether a bowler threw. Bradman arrived by air here

today with Mr Bill Dowling, chairman of the Australian Board of Control, to attend the Imperial Cricket Con ference on July 14. bluntly whether he

thought that Australian fast bowlers Ian Meckiff and Gordon Rorke threw, Bradman replied: "Whatever I say will give you a headline, so I will content myself with saying that the umpires should be the sole judges,"

Mr Dowling's reply to the question was: "On the official evidence of the men in white, Meckiff has never been noballed for throwing, and the same applies to Rorke," Bradman added: "It seems pretty

obvious that somewhere along the line a different interpretation of the law has come into being. I have always been brought up to respect the He said he did not think that

showing films of bowlers' actions would help the Imperial Cricket Conference. "Umpires have to see every 'ball with their own eyes in order judge," he declared.

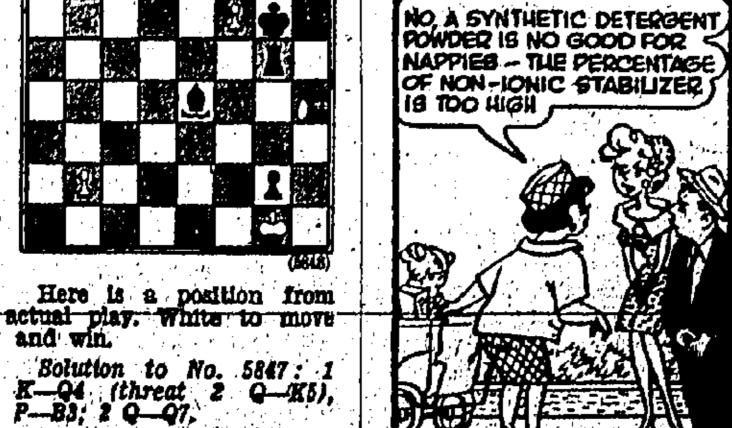

The Australian delegates are bringing a report for the Conference of how the slightly

different Australian experimental law on throwing worked in the last Australian season. Mr Dowling said that to his knowledge only one bowler was no-balled for throwing in Sheffield Shield cricket and he was "called" only once.

Bradman said the main problem of the Conference was to try to get a clear interpretation of the existing laws. On the subject of dragging, no said it was nothing new, and had been occupying the attention of the authorities for many

Tommy cycles to the top -and £200 a week

By RICHARD BERRY

Long before it is finished the Tour de France cycle race has already brought fame to one man.

He is tall, thin, elegant Tommy Simpson who, at 22, is being acclaimed as one of the top English athletes of the year and a potential world-beater.

Simpson has shown that an Englishman can compete on level terms in the French national sport. This has surprised and a little shocked—the French; it is rather as if a team of French cricketers had come to England and held the MCC to a draw.

race and Simpson is the "baby." He was picked after being a professional cyclist for only nine months—the most successful "baptism" any cyclist ever had.

Resigned Durham-born Simpson started cycling as an amateur when he was 16. He did so well in National Championships that at 18 he competed in the Olympic Games at

Melbourne and won a bronze medal in the 4.000 metres. Last year he threw up his job as an engineering draughtsman and went on the Continent as an "independent"-an amateur who
